GCSE RESULTS 2022

2022 | AUGUST

QEGS CELEBRATES EXCELLENT GCSE RESULTS

Over the summer, we celebrated another year of outstanding GCSE success, with almost 60% of results being the top 9-7 grades. The boys' results were well deserved, coming on the back of three years of great uncertainty and challenge for all in education.

There were a number of stand out performances, with Janik, Arsh, Aditya and Tim achieving straight 9 grades and Chris, James, Rahul and Samee achieving at least 9 grade 9s. Indeed, 42 of our wonderful boys got at least one of those coveted Grade 9s. 9 boys achieved an A* in the Higher Project Qualification – an optional extension project which promotes individual intellectual inquiry.

Dr Richard Brookes, Head, commented:

“I would like to congratulate all the boys on their achievements. They, like all our pupils over the last three years, have shown incredible resilience in the face of the challenges posed by COVID and I am confident that the lessons they have learned regarding how to study and how to ensure their personal wellbeing, together with these great results, will serve them well in the future. I am looking forward to seeing the boys return to the Sixth Form in September when they will be able to build on these great performances.

“

I would like to thank the parents for all the support they have provided throughout their sons' time at the school. I would also like to thank our teachers for their inspirational teaching, together with care and support for the boys.

After two years without exams, our thanks go, too, to our exams officers and support staff for all their work to support the smooth running of the exam series, and to the exam boards and examiners.

Dr Richard Brookes
